1. Introduction

The purpose of this policy is to ensure that the Academy maintains and develops systems of financial control, which conform to the requirements of both propriety and of good financial management. It is essential that these systems operate properly to meet the requirements of Charville Primary School Academy's Funding Agreement with the Department of Education

The Academy must comply with the principles of financial control outlined in the academies guidance published by the DfE. This policy expands on that guidance and forms the manual detailing information on the academy's accounting procedures and systems. It should be read by all staff involved with financial systems and accountability.

2. Principles

The Governing Body will manage their affairs in accordance with the high standards detailed in 'Guidance on Codes of Practice for Board Members of Public Bodies' and in line with the seven principles of public life

- **Selflessness** Holders of public office should take decisions solely in terms of the public interest.
- **Integrity** Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in their performance or their official duties
- **Objectivity** In carrying out public business, including making public appointments, awarding contracts or recommending individuals for rewards and benefits, holders of public office should make choices on merits.
- **Accountability** Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.
- **Openness** Holders of public office should be as open as possible about all decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interests clearly demands
- **Honesty** Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interests.

Leadership Holders of public office should promote and support these principles by leadership and example.

3. Organisation and Responsibilities.

The Academy has defined the responsibilities of each person involved in the administration of the Academy's finances to avoid the duplication or omission of functions and provide a framework of accountability for governors and staff.

3.1 Reporting Structure:

- The day to day organisation, staffing and management of the academy

The Accounting Officer has the duty to take action if the Governing Body or Chair is contemplating a course of action, which he or she considers an infringement of propriety or regularity. Objections should be put in writing to the governing body details sent to the Permanent Secretary and the academy's external auditors.

The Accounting Officer may delegate, or appoint others to assist in these responsibilities.

3.5. Senior Finance Office

The Senior Finance Officer works in close collaboration with the Head Teacher who reports to the Resources and Finance Committee.

3.6. External Auditors

Every academy trust must have in place a process for independent checking of financial controls, systems, transactions and risks.

Academy trusts may manage this programme of risk review and checking of financial controls in the way that they deem most appropriate to their circumstances. Options include:

- The work of an **internal audit service** (either in-house, bought-in or provided by a sponsor);
- The performance of a supplementary programme of work by the trust's **external auditor**;
- The work of a '**responsible officer**' who will be a non-employed trustee with an appropriate level of qualifications and/or experience, and who neither charges nor is paid by the trust for their work. The appointment of a responsible officer is not mandatory but is one of the options that trusts can use to conduct their internal checks;
- Completing the work by **peer review** (i.e. the work being performed by the PFO, or a suitably qualified or experienced member of the finance team, from another academy trust, as an independent reviewer)

The Responsible Officer is appointed by the Governing Body and is intended to provide an independent oversight of the Academy's financial affairs. The main duties of the RO are to provide the governing body within on-going independent assurance that:

- The financial responsibilities of the governing body are being properly discharged;
- Resources are being managed in an efficient; economic and effective manner;
- Sound systems of internal financial control are being maintained; and
- Financial considerations are fully taken into account in reaching decisions.

The Governing Body appointed Wilkins Kennedy to act as an external body to independently undertake the risk review of financial controls within the school to be reviewed at the end of each contracted period. The auditors will carry out financial reviews termly in order to provide the governing body and indirectly the Department for Education with the required assurance. Wilkins Kennedy will undertake the checks and balances in line with the recommendations shown in the Finance Handbook.

General areas for review will cover the following:

- Review that bank reconciliations have been carried out each month
- Review of monthly payroll to ensure that any changes have been appropriately authorised and agreed (refer to Finance, Resources Committee)
- Check sample orders to delivery notes and invoices to ensure that the documentation is complete and has been appropriately checked and authorised.
- Check of sample payments back to invoices, orders and delivery notes to confirm they are bona fide purchases.
- Review a sample of expense claims to ensure the appropriate documentation to support the claim and that the claim is appropriately authorised.
- Review returns to Department for Education to ensure the information supplied is consistent with the underlying records and internal management reports.
- Carry out spot checks of petty cash balances and supporting receipts

Wilkins Kennedy will produce a full report after each visit to the Senior Finance Officer/Head Teacher who will personally report findings of each visit to the Resources & Finance Committee and these will be reported back to the Governing Body. Wilkins Kennedy will perform a supplementary programme of work on behalf of the school in order to manage its risk review. Therefore the role of responsible officer is not required, in accordance with Academies Financial Handbook.

3.7 Finance Officer & Finance Assistant

The Finance Officer /Finance Assistant work in close collaboration with and is directly responsible to the Senior Finance Officer. The main responsibilities include:

- Day to day running of School Office
- Maintaining and updating finance software e.g FMS, Sims, Parent Pay, My Free School Meals

3.8 Deputy Head Teachers

The Deputy Head Teacher will assume the financial responsibilities if the Head Teacher is absent

3.9 Other Staff

All staff are responsible for the security of Academy's property, for avoiding loss or damage, for ensuring economy and efficiency in the use of resources and conformity with the requirements of the Academy's financial procedures.

3.10 Register of Business Interests

It is vital that governors and staff act, and are seen to act, impartially. All members of the governing body are therefore required to complete a declaration of business interests. The Head Teacher and other senior staff are also required to complete declaration. Declarations should include all business and pecuniary (monetary) interests such as directorships, shareholdings and other appointments of influence within a business or other organisation. They should also include interests of related persons such as a parent, spouse, child, cohabite and business partner where that person could exert influence over a governor or member of staff.

The existence of a register of business interests does not of course detract from the duties of the Governors and staff to declare interests whenever they are relevant to matters being discussed by the Governors or a Committee. Where an interest has been declared, Governors and staff should not attend that part of the meeting.

It is the role of the Clerk to Governors to ensure the Register of Business Interests are up to date

4 Financial Planning

The Senior Finance Officer will prepare both medium and short-term financial plans. These plans are prepared to inform the academy's strategic development planning processes for the next 3 years.

The Academy's Strategic Plan identifies the development plan priorities over the medium term and the expected level of resources available.

The Academy's School Development Plan provides the framework for the annual budget. The Annual budget is a detailed statement of the expected resources available to the Academy and the planned use of those resources during the year. SLT will provide the SFO with the SDP framework by the end of June of each year.

5 Annual Budget

The budget process follows and planning annual cycle (Appendix 2).

The Senior Finance Officer, in liaison with the Head Teacher is responsible for the preparing and obtaining approval for the annual budget from the Resources & Finance Committee and the Governing Body must approve the budget each year.

The approved budget must be submitted to the DfE by the published timetable each year. The Senior Finance Officer is responsible for establishing a timetable which allows sufficient time for the approval process and ensures the submission date published by the DfE is met.

The annual budget will reflect the best estimate of the resources available to the academy for the forthcoming year and will

detail how those resources will be utilised establishing clear links to support the objectives identified in the School Improvement Plan.

The budget planning process will incorporate the following elements:-

- Forecasts of likely pupil numbers to estimate the amount of DfE grant receivable
- Review of other income sources
- Review of past performance against budgets
- Annual review of expenditure headings to reflect known changes and expected variations in costs e.g. pay increases, inflation or other anticipated changes.

The draft budget should be presented to governors at the Resources & Finance Committee and full Governing Body together with a supporting report for approval. Once the budget is agreed this should be communicated to all responsible budget holders to ensure they are aware of the overall budgetary constraints.

The budget should be seen as a working document which may need revising throughout the year as circumstances change, any revision should be reported to the Resources & Finance Committee through the Senior Finance Officer report to Governors. Any substantial changes must be approved in accordance with the Scheme of Delegation – Appendix 1.

6 Budget Management

The Senior Finance Officer will reconcile all Bank Accounts fortnightly and Budgets monthly and these are signed off by the Head Teacher.

The Head Teacher and Resources & Finance Committee will receive half termly budget monitoring reports from the Senior Finance Officer on current spend against budget and forecast outturn expenditure.

Recommendations will be suggested regarding appropriate action to be taken to correct any significant over or under spending and plans formulated for consideration at the Resources & Finance Committee.

The Governing Body may delegate elements of the budget to staff where this is appropriate. These budget holders must operate within the same objectives and controls as those agreed for the Academy as a whole. Delegated budget holders will be provided with sufficient information to enable them to perform adequate monitoring and control. Such budget holders are accountable to the Head Teacher who is responsible for ensuring mechanisms exist to enable such delegated budgets to be monitored and managed.

Any potential overspends against the budget must in the first instance be discussed with the Senior Finance Officer. The accounting system will not permit payments to be made against an overspend budget without the approval of the Senior Finance Officer and these will then reported to the Head and Resources & Finance Committee.

The Resources & Finance Committee will continually monitor the quality of the financial Information presented to the Committee to ensure that what is provided remains appropriate, particularly in terms of its timing, level of detail and narrative.

The Original Budget must be set in the FMS Accounting systems and up-to-date changes monitored against a Master budget which will record in-year changes. An audit trail of all virements made after the approval of the original budget must be made and should be reported regularly at the Resources & Finance Committee.

7. Accounting Systems

7.1 Financial Accounting System

The Academy uses FMS Accounting System and all financial transactions must be recorded using this System. Access

rights within FMS are defined for each user with a unique ID and password. Users are detailed in the Scheme of Delegation (Appendix 1). All finance staff have been trained in the use of FMS. Log in details can be reset by the SFO or the ICT support providers for FMS.

- All financial transactions relating to the Academy's budget must be recorded using FMS. There must be a clear audit trail for all financial transactions from the original documentation to accounting records. Finance records must be stored for 7 years in accordance with the Companies Act.
- Only authorised staff will be permitted access to the accounting records, which should be securely retained when not in use.
- Authorisation and supervisory controls should be adequate to ensure transactions are properly recorded or that errors are identified.
- All records should be protected against unauthorised modifications, destruction, disclosure or loss whether by accident or intention.
- The finance system must be protected by robust back up procedures. The system is backed up automatically on disc space held on site and up to 30 days backup held off site which can be accessed remotely through the academy's normal Back-up routines.

7.3 Accounting for 'Other' Income using School Cash Office

The Academy uses Parent Pay to deal with the collection of 'other income'. This system is set up for access by all Office staff; each user is defined with a unique ID and password. Payees' are required to make payments on line.

- The Finance Assistant/Officer is responsible for the day to day management of Parent pay.
- The Finance Assistant/Officer produces reports for data input into FMS
- The Finance Officer will provide a reconciliation of parent pay payments
- The Senior Finance Officer is responsible for overseeing this system and receiving information from the Finance Assistant/Officer

Detailed user guidance can be found at www.parentpay.com or call 02476994820

If cash is collected in school the Finance Officer/Assistant will count the money together. The Finance Officer will record the monies collected on FMS and arrange for deposit of money into bank account – Via G4s.

8. Payroll

The main elements of the payroll system are:

- Staff Appointments
- Payroll administration
- Payments and monitoring

8.1 Staff Appointments:

The governing body approves a personnel establishment for the Academy which is known as the Staffing Structure and forms part of the Pay Policy. Material changes to the Staffing Structure of the Academy may only be approved by the full

Governing Body who must ensure that adequate budgetary provision exists for any established changes and after the required period of consultation with unions and staff.

The Head Teacher has the authority to appoint staff within the authorised staffing structure. The Senior Finance Officer, Finance Officer & Finance Assistant will maintain personnel files for all members of staff, which include contracts of employment.

8.2 Payroll Administration

The Academy's payroll is outsourced to Dataplan www.dataplanpayroll.co.uk 03331 123456

All Payroll transactions relating to Academy staff, permanent or casual, will be processed through the payroll system.

All new appointments, leavers, changes to contracts or personal details are to be notified to Dataplan payroll on the appropriate forms (for guidance contact payroll.) Forms should be completed by the Finance Officer and signed by the Head Teacher. In the case of changes to the Head Teacher's salary, forms should be signed by the Chair of Governors as per the Scheme of Delegation (Appendix 1). Copies should be retained on the employees personnel file and notification sent to payroll.

All personnel files shall be stored in a lockable cabinet. Only the Head Teacher, Senior Finance Officer, Finance Staff and Head's PA (Chair Governors and Chair of Resources should also have access where necessary) will have access to staff files but individuals can request to see their own files in line with data protection policies.

The Senior Finance Officer and Finance Staff are responsible for keeping the staff personnel database up-to-date via SIMS Personnel recording system.

Absence records are maintained by the Finance Officer. Both paid and unpaid leave is notified to payroll using the Absence recording system.

Staff claims for overtime must be checked by the Senior Finance Officer and verified by line managers. Claims for overtime /variance of grade of duties, casual claims and supply claims will be entered on to the spreadsheet provided monthly by Dataplan. It will be countersigned by the Head Teacher and sent to payroll by the 2nd of each month for claims up to the end of the previous month. Any overtime forms or expenses claims for the Head Teacher must be signed of by the Chair of Governors

Where the member of staff is claiming overtime their line manager should sign the form and then it should be verified by the Head Teacher

8.3 Payments and Monitoring

All salary payments are made by BACS.

Dataplan submit payroll reports prior to salary payments being dispatched detailing costs and individuals payment details. A BACS report is also submitted. The Senior Finance Officer will undertake a sensibility check whenever possible to ensure the data does not contain major errors prior to salaries being paid.

The Senior Finance Officer will undertake a reconciliation of all claims for additional hours / unpaid leave and investigate any differences between the previous months gross salary against the current months.

The payroll provider automatically calculates the deductions due from salaries to comply with current legislation. Dataplan are authorised to make BACS payments from the Academy's Bank Account by direct payment for the amounts of the deductions to the following agencies: Local Government Pension Scheme, Teachers Pensions, Prudential Teachers AVC's, Unison & GMB by the 8th of the month following the pay run and to HMRC by the 19th of the month following the pay run.

The Senior Finance Officer will enter the payroll data into FMS via Journal Transfer at the earliest opportunity.

9. Value for Money (VFM) Procedures

All orders for goods and services are subject to the following rules concerning quotes and tenders below:

9.1 Orders of 0.01 but less than £7,000 - preferred supplier

Consideration to be given to alternative suppliers and evidence attached to requisition if quotes have been sought

9.2 Orders over £7,000 but less than £50,000

At least 3 written quotations should be obtained for all orders to identify the best sources of the goods/services. Written details of quotations should be attached to the requisition form for audit purposes

9.3 Orders over £50,000 - £100,000

A minimum of 5 tenders to be obtained for purchases and contracts valued between £50,001 and £99,999.using the correct tender method as detailed in section 10.

9.4 Orders over £100,001 – EU Thresholds

A minimum of 6 tenders to be obtained for purchases and contracts valued between £100,001 and EU Thresholds using the correct tender method as detailed in section 10

9.5 Orders over £172,514 (supplies), £172,514 (Services) and £4,322,012 (works) – E U Threshold (check up to date limits<http://www.ojec.com/Threshholds.aspx>)

Goods, services or works ordered with a value over the amounts stated above must be subject to formal tendering procedures as detailed below. All paperwork relating to the tender must be kept in the Senior Finance Officer's office. Purchases over the EU Thresholds are by law subject to EU Public Procurement Directives for the advertising and Award of Contracts.

10. Forms of Tender

There are three forms of tender procedure: open, restricted and negotiated and the circumstances in which each procedure should be used are described below:

10.1 Open Tender:

This is where potential suppliers are invited to tender. The budget holder must discuss and agree with the Senior Finance Officer how best to advertise for suppliers. This is the preferred method of tendering, as it is most conducive to competition and the propriety of public funds.

10.2 Restricted Tenders:

This is where suppliers are specifically invited to tender and are appropriate where:

- There is a need to maintain a balance between the contract value and administrative costs,
- A large number of suppliers would come forward or because the nature of the goods are such that only specific suppliers can be expected to supply the academy requirements,
- The costs of publicity and advertising are likely to outweigh the potential benefits of open tendering.

10.3 Negotiated Tender:

The terms of the contract may be negotiated with one or more chosen suppliers. This is appropriate in specific circumstances:

- The above methods have resulted in either no or unacceptable tenders,
- Only one or very few suppliers are available
- Extreme urgency exists
- Additional deliveries by existing supplier are justified

10.4 Preparing for Tender

Full consideration should be given to:

- Object of project
- Overall requirements
- Technical skills required □
- After sales service requirements
- Form of contract

It will be necessary to rank all the requirements and award marks to suppliers on fulfilment of these requirements to help reach an overall decision.

10.5 Invitation to Tender

- An invitation to tender should include the following:
- Introduction/background
- Scope and objectives of the project
- Technical requirements
- Implementation of the project
- Terms and conditions of the tender
- Form of response

10.6 Aspects to consider

Financial

- Comparison of like with like cost and if a lower price means a reduced service or lower quality this should be borne in mind when reaching a decision
- Hidden costs – care should be taken to ensure tender price is the total price.
- Is there scope for negotiation?

Technical

- Qualifications of contractor
- Experience
- Descriptions of technical and service facilities
- Compliance to CDM
- Certificates
- Quality control procedures
- Details of previous sales and references

Other Considerations

- Pre sales demonstrations
- After sales service
- Financial status of supplier

10.7 Tender Acceptance Procedures

The tender invitation will state the time and date by which the completed tender document should be received by the academy. Tender submissions should be received in plain envelopes clearly stating they contain tender documents they must be

- Date stamped and marked with the time of receipt
- Store, unopened, in a secure place prior to tender opening
- Tenders received after the deadline should not normally be accepted

10.8 Tender Opening Procedures

All tenders should be opened at the same time and tender details should be recorded and signed. Two persons should be present at the opening of the tenders this would normally be the Senior Finance Officer and the Head Teacher, in some circumstances this could be delegated to an agent who has been employed by the Academy to undertake the tendering process i.e. a firm of architects:

10.9 Tender Evaluation Procedures

The evaluation process should involve at least two people. Those involved should disclose all interests, which may influence their objectivity. If there is a potential conflict of interest then that person must withdraw from the tendering process.

Those involved must take care not to accept gifts or hospitality from potential suppliers that could be seen to compromise their independence.

Full records should be kept of all criteria used for evaluation and for contracts over £25,000; a report should be prepared to the Resources & Finance Committee.

The accepted tender should be one that is economically most advantageous unless it can be demonstrated that this is not the best option for the Academy and other factors outweigh any monetary savings.

11. Purchasing

The Academy will aim to achieve best value for money for all its purchases ensuring that services are delivered in the most economical, efficient and effective way, within available resources, and with independent validation of performance achieved wherever practicable. The Head Teacher is responsible for ensuring procedures are in place for testing the market, placing of orders and paying for goods and services by following the general principles of:

- Probity – an approach to all interested parties in the disclosure of information that lends itself to necessary scrutiny.
- Accountability – the process whereby individuals are responsible for their actions and decisions.
- Fairness – that all those dealt with by the Academy are dealt with on a fair and equitable basis.

The Senior Finance Officer will ensure that there is a clear separation of duties within the finance team, which would, if combined, enable one individual transaction to record a complete transaction.

11.1 Orders for Goods and services

Budget Holders should raise an order for goods or services using a requisition form (Appendix 3) available from the finance office.

Where the value of an order is over £7,000, the requisition must be accompanied by evidence of appropriate number of quotes /or proof that VFM exercise has taken place – as per section 10. Orders will be authorised only if the VFM documentation is present and correct. Advice about suppliers or obtaining best value is available from the Senior Finance Officer

- Upon receipt of a requisition form signed by the relevant budget holder, the requisition must be authorised by a signatory in line with the Scheme of Delegation (Appendix 1).
- Official orders will be raised through FMS and faxed or posted to the supplier by the Finance Assistant/Officer
- Telephone/direct verbal ordering will be permitted only in situations where raising an official order is not practicable and with prior approval from the Senior Finance Officer. In such cases, a written confirmation order will be raised as soon as possible, normally within 24 hours.
- Purchase Order forms must have the FMS generated purchase order recorded on it and filed in number order in the office.

11.2 Delivery of Goods and Services

On receipt of goods the Resources Assistant will check the goods received match the delivery note and sign the note to confirm this.

The Finance Assistant will check the delivery note against the original order to ensure the correct goods have been dispatched and then attach the delivery note to the original requisition form in the file

The Finance Assistant will raise any discrepancies with the Finance Officer for investigation

The Resources Assistant will dispatch goods to the budget holder

The budget holder must ensure that the goods received are of acceptable quality any goods that rejected must be notified to the Finance Assistant within 2 days of delivery.

12. Payment of Accounts

12.1 Processing of Invoices

Payment for supplies and services will be paid upon receipt of an Invoice when

- It is confirmed that goods or services have been received and are of the quality expected as per section 11
- The invoice is arithmetically correct
- Prices are correct
- VAT has been treated correctly

No photocopied or faxed invoices will be paid but invoices sent electronically by email are acceptable.

At least two people must be involved in the process of agreeing invoices and authorising payment. The Finance Officer will do the above checks and enter the invoices on to FMS as soon as possible. All invoices are to be processed through FMS, payments generated via BACS and authorised in accordance with the Bank Mandate.

12.2 Payments to individuals

Payments can be made to individuals on production of an invoice. An enquiry must be carried out on the individual using the HMRC, Employer Status Indicator Tool. <https://esi2calculator.hmrc.gov.uk/esi> . The generated reference number must be kept with the invoice. If the enquiry shows that the payment cannot be made to the individual via the invoice produced, the appropriate PRISM form should be completed and the individual paid through the academy's payroll provider.

13. Other Purchases

The academy recognises that there are instances when it is not possible to process orders for goods and services in the normal way and items such as ingredients for cookery may have to be purchased and claimed back. Also purchasing goods and services over the internet which requires payment at the time of ordering is becoming more common in practice. It is the function of the Finance Officer/Assistant to support petty cash reimbursements up to the value of £20.

13.1 Credit Card Purchases

- When making a request for an Internet / Telephone order where immediate payment is required.
